Message by the Nodal Officer

Quality is never an accident and Excellence is the gradual result of always striving to do better. Science quiz aims to inculcate the mind of young students in the spirit of scientific enquiry, analytical thinking and provide split form to the budding scientist for exchanging thoughts. The science quiz competition creates a competitive and vibrant atmosphere to increase the students to study hard, improve their knowledge and develop their critical thinking skill. Essay Writing is a form of game or mind sport which allows you to measure growth in knowledge abilities and skills. This approach fosters a spirit of inquiry, curiosity and opens the door to more success in future. I heartily congratulate the whole science society, college fraternity, Judges Professor Dr. Renu Budhwar, Govt. PG College for Women, Rohtak, Dr. Anjali Maan, Assistant Professor (Physics), GCW, LakhanMajra, & Sh. Rakesh Kumar, Associate Professor (Chemistry), Govt. Nehru P.G. Brief descriptions/report of the District Level Science Essay Writing Competition with Photographs:-

The *District Level Science Essay Writing Competition for college students during the year 2025-26* sponsored by HSCSIT, Panchkula was conducted by following all rules and guidelines issued by HSCSIT. The college administration tried their best to fulfill the main objective of *District Level Science Essay Writing Competition* which was to test, develop the Scientific temper, awareness and encourage students to gain, explore & improve their basic knowledge skills along with their involvement in the process of knowing fun & exciting. This *District Level Science Essay Writing Competition* helped students identify what they know and what they don't know. The students then have a better idea of how well they are grasping the material, hopefully motivating them to study more and helping them allocate their study time effectively by focusing on the information that still needs more practice. The *District Level Science Essay Writing Competition* is not just about increasing basic knowledge, but about connecting the dots, reading between the lines and arriving at a conclusion.

The objectives of the science essay writing competition are as follows:-

- (i) To inculcate scientific temper in young minds.
- (ii) To encourage students in colleges to think on the broader aspects of science and apply it in daily life.
- (iii) To search for creative scientific writing talent in students.
- (iv) To understand the students view of social relevance of science & scientific attitude and use it to develop effective strategies for science education.
- (v) To popularize various aspects of science through students writing.

The Competition will initially be organized at District level by the Principal of the nodal college of the concerned district. Best 10 entries from each district will take part at the State level competition. After evaluation of entries at the State level, best 13 students (1st, 2nd, 3rd and 10 consolations) will be selected for prizes.

2. ELIGIBILITY

All under-graduate science students studying in Colleges, Universities and Engineering/Medical/Pharmacy colleges etc. situated in Haryana are eligible to participate in the competition.

3. MODE OF COMPETITION:

3.1 District Level Competition:

- 3.1.1 The competition will be organized in the Government/aided College of each district under the supervision of Principal of the nodal college. The Principal will be the coordinator of the competition and he/she will constitute a panel of experts of three science lecturers from different colleges of the district. The panel of expert will evaluate the entries and select best 10 entries for further participation at the State level. The Principal will fix the date and inform the same along with topics of the competition to all the private, aided, Govt., Engineering/ Medical/ Pharmacy colleges under advance intimation to this office.

3.1.2 Duration of Competition: 1 hour

3.1.3 Language: The essay should be neatly written in Hindi or in English language with pen only.

3.1.4 Size of Essay: The essay must conform to 800-1000 words.

3.1.5 Evaluation of Entries: The entries of the competition will be evaluated by the panel of three experts consisting of one faculty each from Physics, Chemistry & Biology. This panel will be constituted by the Principal of the nodal college. The entries will be evaluated by the expert panel on the same date and best 10 entries along with bio-data sheet from each district will be forwarded to HSCSIT on the same date along with complete report of the competition indicating number of colleges, students, name & address of experts and photographs of the programme.

3.1.6 Remuneration To The Judges: The panel of three experts formed at the District level for evaluation of the entries would be paid on honorarium of Rs.1,000/- each.

3.1.7 Organizational Expenditure: An amount of Rs. 10,000/- (Ten Thousand only) per district will be provided to Principal for meeting out the organizational expenditure of competition at district level, such as purchase of sheets, refreshment to students etc. Sheets will be provided by the Principal to all the participating students for writing of essay.

3.2 State Level Competition:

3.2.1 There will be state level competition of the short-listed best 10 entries received from each district. The topic of the essay to be attempted by the candidate at the State level should be different from that he / she had attempted at the district level. However, the topic chosen at the state level will be from the same list provided initially by this office at the district level. In case of repetition of the same essay, the candidate will be disqualified. The other conditions i.e. duration of the competition, size of essay will remain same as that of district level. Panel of experts formed at state level will evaluate the entries and on this basis best thirteen winners (1st, 2nd, 3rd and 10 consolations) will be selected for the prizes. Participants will be provided ordinary bus/train fare (to and fro).
